This manual establishes exact guidelines for proper use of the ICTV logo.

The visual integrity of the ICTV logo must be strictly maintained. Adherence to these guidelines will result in clear, consistent identification with ICTV’s brand identity.
In order to maintain the integrity of the mark of ICTV, the following configurations of the logo have been established.

**Horizontal**

**Vertical**

It is also acceptable to use the ICTV logo without the tagline. Use of the “sans tagline” logo is situation dependent.

Choosing the correct logo configuration

The vertical logo should be used in all instances unless the space is horizontally oriented to a degree that the vertical logo becomes dwarfed in the space.

The sans tagline logo should be used exclusively on promotional material - including stickers, pins, and show promotions.
VARIATIONS OF ALL FORMS OF THE ICTV LOGO ARE LISTED BELOW. BE SURE TO CHOOSE THE CORRECT FILE TYPE FOR YOUR SPECIFIC PROJECT.
